Hi Carroll

9am pacific/10am mountain Monday works for me. Just give me a call on my office phone. Thanks,

Emmanuelle

Excellent, this gives me more understanding, a call Monday would also be helpful, I suggest 10 am MST.

Hi Carroll,

It is our intention to work with IHS to collectively fund the remaining balance on the HAMP in FY20. I had mentioned to Tim at the tribal conference in Phoenix that it would be helpful to have a breakdown of the revised scope, cost estimate and unfunded balance since that has changed since last year's proposal was sent to us.

It sounded like the best time for you to provide that would be in early 2020 (January/February) once your design stage is complete. We will need that information by March 1st.

I know it's been a challenge to connect via phone. I am available most of the day on Monday November 25th if that works for you.

Thanks,

Emmanuelle

Subject: HAMP

Good morning Emmanuelle,

Sorry it's been hard to connect by telephone over the last few weeks. Regarding HAMP SDWA TSA funding, I am informed by IHS that "IHS and/or EPA will make up the approximately \$2.7 Million remaining allocation in FY 2020. Please let me know the best way to work with EPA in verifying that allocation. Please call or email for more information and/or further direction, thank you for your cooperation.
